

How to Play

Number of players: 2 or more

Object of game: to pick up the most sets of the Complete Kellogg's Breakfast. (4 cards per set)

Shuffle the cards and place them all face down on a table. The first player begins by turning over any 4 cards. If the 4 cards represent Kellogg's cereal (red), bread (yellow), fruit (green) and milk (blue), then he or she has a Complete Breakfast set and takes another turn. If a player turns over 2 cards of the same category in one turn, then he or she does not turn over the remaining cards, but simply turns the card face down in place and moves on to the next player. When a Complete Kellogg's Breakfast set is made, the player collects the 4 cards in his or her own pile and takes another turn. The person with the most Complete Kellogg's Breakfast sets at the end wins. Have fun!
